

AHC40422

Certificate IV in Horticulture

Description

The qualification AHC40422 Certificate IV in Horticulture allows you to develop post-trade skills and knowledge across a broad coverage of the industry prior to undertaking higher roles in the industry.

You learn how to control small horticultural projects, improve soils, manage equipment and machinery, implement pest management and chemical use strategies, manage water systems and horticultural production, recruit and induct staff and maintain work health and safety.

Your studies include subjects from the Diploma of Horticulture which can provide entry to supervisory positions in the Horticulture industries such as nurseries, country clubs and resorts, council services, and visitor attractions such as theme parks

Entry Requirements

All students must have successfully completed Year 12 or equivalent qualification / certificate and received/gained at least a 55% pass mark in the English Subject / or be able to demonstrate English language proficiency at the time of enrolment. A student can demonstrate English language proficiency by taking IELTS exam (minimum score 6.0) or by demonstrating the reading and writing skills to the Brisbane College of Horticulture.

Also, candidates will need to be able to calculate ratios, dilution rates, volumes and area as several units require the completion of written reports and workplace plans. A good knowledge of plants and their culture is beneficial

Program Duration

This course will run for 52 weeks comprising 20 hours per week of study time. There will be periodic term breaks in the academic year.

The home distance study component of the course will never exceed 25% of a unit or course. Students are expected to make use of this time to further their education. The College will be available should you wish to utilise the premises for the distance study. All learners receive a set of manuals that form part of the program. If you have any concerns about the methods of study, please speak to the College prior to enrolment.

Admission Method

Direct Enrolment – Provided you meet the entry requirements you can enrol at the college head office.

Requirements for Qualification

To successfully complete the course, students must undertake all units, sit and be deemed competent in all assessment tasks.

Students are required to actively participate in all learning activities during the course.

Method of Study

The majority of lessons are conducted in the classroom / nursery environment. The College may be available should you wish to utilise the premises outside normal study hours for additional study time.

All learners receive a set of Manuals that form part of the program.

If you have any concerns about the methods of study, please speak to the college prior to enrolment.
