

Brisbane College of Horticulture

ICT60220

Advanced Diploma of Information Technology

Description

The ICT60220 Advanced Diploma of Information Technology (Telecommunications Network Engineering) provides high level information and communications technology (ICT), process improvement and business skills & knowledge to enable an individual to be effective in senior ICT roles within organisations. The qualification builds on a base core of management competencies with specialist and general elective choices to suit particular ICT and business needs.

Entry Requirements

Whilst there are no entry requirements, international students must have successfully completed Year 12 or equivalent qualification / certificate and received / gained at least a 55% pass mark in the English Subject / or be able to demonstrate English language proficiency at the time of enrolment.

A student can demonstrate English language proficiency by taking IELTS exam (minimum score 6.0) or by demonstrating the reading and writing skills to the Brisbane College of Horticulture (BCH).

Program Duration

This course will run for 104 weeks comprising 20 hours per week of study time. There will be periodic term breaks in the academic year.

The home distance study component of the course will never exceed 25% of a unit or course. Students are expected to make use of this time to further their education. The College will be available should you wish to utilise the premises for the distance study. All learners receive a set of manuals that form part of the program. If you have any concerns about the methods of study, please speak to the College prior to enrolment.

Admission Method

Provided you meet the entry requirements, you can enrol at the college's head office. At the time of application or enrolment you will be provided with a self -assessment kit which is used to help determine your current level of learning and skills. We use this to determine whether you might be eligible for recognition of prior learning and or to develop a training plan specific to your learning needs. This helps you get the course you want according to your needs.

Brisbane College of Horticulture

Method of Study

The lessons are conducted in the classroom environment using face to face delivery. The College may be available during normal business hours should you wish to utilise the premises outside normal study hours for additional study time.

All learners receive a set of learner guides that form part of the program.

If you have any concerns about the methods of study please speak to the college prior to enrolment.
